

SYNERGX SYSTEMS INC. (NASDAQ SMALL CAP-SYNX) ANNOUNCES NEW  
CONTRACT AT CRUISE SHIP TERMINAL

SYOSSET, New York - October 3, 2006

Synergx announces that its Casey Systems subsidiary has secured a new contract in the ongoing renovation of the cruise ship terminal on the Westside of Manhattan. The terminal is part of a multi-year project, which includes the renovation of all existing piers to accommodate the newer cruise ships. Demonstrating again its growing position in transportation infrastructure integration and its experience in airports, transportation and ferry terminals, Casey Systems was again chosen from among several larger competitors for this design and build project.

Casey continues to increase its service base in commercial, hotel, multi-unit residential, government and transportation facilities

"Safe Harbor" statement under the Private Securities Reform Act of 1995: This release contains forward-looking statements, which reflect management's current views of future events and operations. These forward-looking statements are based on assumptions and external factors, including assumptions relating to product pricing, competitive market conditions, financial data, and other risks or uncertainties detailed from time to time in the Company's filings with the Securities and Exchange Commission. These forward-looking statements represent the Company's judgment as of the date of this release and any changes in the assumptions of external factors could produce significantly different results.
